RESUME

ABOUT

I am a highly motivated licensed architect and large format abstract artist currently based out of San Francisco.

I am a fast worker, competent in all necessary softwares and I am comfortable with taking on the responsibility required to manage a project from start to finish with a team of designers and consultants. My free time is spent exploring the country in the minivan that I converted into a rolling home with a deep sink, 2 concealed refrigerators, RGBW bluetooth lights, a 100w solar panel and many more gadgets. I also spend my time hiking, cycling, photographing, skateboarding, snowboarding, painting large format abstract canvases, drawing, reading, attending music/ art shows, and playing guitar/ bass.

PORTFOLIO

PAINTINGS

ARCHITECT - COSTA BROWN ARCHITECTURE

2018/CURRENT - SAN FRANCISCO, CA

- › Small high end residential & commercial firm with 3 licensed architects, 1 designer, & 1 human resources/accountant. **Years of 1 on 1 experience with the principal Albert Costa.**
- › Under Albert Costa I learned permitting & approval techniques, risk management, contract administration, endless design & construction considerations, & writing/ negotiating contracts.
- › Exposed to a **variety of projects in San Francisco** such as; remodeling warehouses into tech headquarters, high end single family home horizontal & vertical additions, tenant interior improvements, & custom front yard remodels.
- › Learned how to manage the approval process with challenging jurisdictions such as San Francisco.

CO-OP - ANDERSON MASON DALE

JAN/APR. 2018 - DENVER, CO

- › Worked in a medium sized firm specializing in higher education, K-12 & civil projects.
- › Produced renderings & diagrams that were in a submission for the Lab of the Year Award in which the **Aerospace & Engineering Sciences Building received a special mention that appeared in the 2018 issue of R&D Magazine & Laboratory Design.**
- › Created a detailed 3d printed structural model to aid in the study of an addition & renovation of a 178,000 square foot high school & built site models & massing models.

"2017 Firm of the Year" - AIA Colorado

INTERN - BLUPATH DESIGN PASSIVE HOUSE ARCHITECTS

MAY/AUG. 2016 - SOUTH PHILADELPHIA, PA

- › Interned with a small sustainability firm composed of just Laura Blau (CEO) & Kevin Davey (Arch).
- › **Won 3rd place in the Energy Sprout Competition** with renderings, floor plans, & boards I created for the design of a 16 unit 4 story net zero apartment complex.
- › Worked on a historic brownstone passive house retrofit in center city. We surveyed the building & I put together a full building permit set & construction set. Built 2017.

"Grant comports himself professionally and his overall engagement is excellent... Grant is a great addition to our team. I would welcome him back in an instant. I give him my highest recommendation." - Laura Blau

INTERN - WOODCOCK DESIGN INCORPORATED

MAY/AUG. 2015 - MANAYUNK, PHILADELPHIA, PA

- › Interned with a small entertainment & residential firm run by ex AIA president Janice Woodcock (CEO) with help from Jeremy Lange (Arch).
- › Developed construction documents for The Punch Line Philly comedy club in Fishtown, Philadelphia. Built in 2016.
- › Point Breeze, Philadelphia row home remodel & addition from start to finish. Built in 2016.
- › **Designed, ordered & installed a pop up 10' x 10' display** for ceramics artist Emily Squires Levine.
- › Surveyed & used Revit to render an interior remodel for the Cosmopolitan Club of Philadelphia.

"The documentation work is thorough and accurate and he checks his work in situations where accuracy is essential for success." - Janice Woodcock

MASTER OF ARCHITECTURE - UNIVERSITY OF CINCINNATI

2017/2020 - CINCINNATI, OH

- › Parametric modeling, trained robots to 3d print clay, VR world creation, & high end furniture build.
- › Graduate assistant for 2nd year students. Taught drawing, model making & technical drafting.

BACHELOR OF SCIENCE IN ARCHITECTURE - TEMPLE UNIVERSITY

2013/2017 - PHILADELPHIA, PA

- › Featured work on Temple University's architecture instagram & website.
- › **4.0 Architecture studio GPA**
- › Hosted & participated in a 15 artist, 4 band, multi-disciplinary art show "Euphoric Vibrations" in April 2017, at the Open Space Gallery in Philadelphia with 2 other hosts, gathering 150+
- › Designed & built a curved multipurpose stage for my fraternity, Kappa Sigma.
- › Worked the summer of 2017 creating/selling paintings, traveling (Iceland, Boston, Virginia, etc...), & photographing for local bands.

SOUDERTON AREA HIGH SCHOOL

2009/2013 - SOUDERTON, PA

- › Designed & built a skateboard half-pipe for senior project.
- › Returned to present to a CAD class about what architecture school is like compared to engineering.
